**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

1. Claims 1-5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, "the source" lacks antecedent basis. Also, claim 1 is missing ending punctuation.

***Allowable Subject Matter***

2. Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

3. Claims 2-5 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

4. Claims 6-31 are allowed.

5. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record does not disclose the particular beverage dispenser as claimed which includes a beverage dispense used to fill with beverage wherein same has a faucet toward the bottom of same and, in one embodiment, a moving member that is moved in an operable or inoperable position to facilitate later blocking of a filled beverage dispenser from being placed below a fill source and to facilitate allowing for filling of the beverage dispenser, respectively; and in another embodiment, wherein,

during the process steps, an inlet access opening is aligned under a cover wherein same is selectively moved into operative or inoperative positions depending on steps in the process where filling has not yet occurred and wherein filling is occurring, respectively; and finally, an embodiment wherein the dispenser has a releasably mounted funnel assembly and a cover which may be moved between an operative position (filling is not allowed to occur) and inoperative position (filling occurs) in conjunction with the use of a carry handle as specifically set forth.

### ***Conclusion***

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
